INSURANCE REIMBURSEMENT DOCUMENTATION

All Maddux students receive small-group speech and occupational therapies through an integrated service model as part of our basic program. Some parents have obtained partial reimbursement for therapies through their private insurance provider.¹²

We are delighted to support your efforts as you seek coverage but ask that you check with your own insurance company to see whether our group, school-based, non-medical model service qualifies you for benefits. If it meets your company's criteria, we will provide monthly, written, group-therapy session documentation that you may submit to your company. Insurance companies require a diagnostic code for each service and must be obtained from your child's private/external therapist(s). (We do not conduct diagnostic assessments for this purpose.)

If you are interested in receiving monthly therapy time logs from us, please fill in the information below and return to The Maddux School.

____ I am requesting insurance reimbursement documentation

Student Name: _____

Speech/Language Diagnostic Code (ICD-10): _____

Occupational Therapy Diagnostic Code (ICD-10): _____

Documentation requires significant paperwork from our staff, so we ask that you confirm this specific reimbursement benefit with your insurance company before submitting your request. In addition, please update us if you no longer require the aforementioned documentation.

¹ Alternatively, some families have applied for reimbursement through their employer-sponsored flexible spending or medical savings account.

² In limited cases, a family may seek a tax deduction for the cost of tuition. Please consult a professional tax advisor and physician for more information.
